

## BENEFITS

### Manage IDs more effectively

The Change Company ID utility allows you to change Company IDs and all associated records in Dynamics SL in one easy step. It automates the tedious process of updating each Dynamics SL database table individually with your changed Company IDs.

### Put your information to work

Allows changing of Company IDs while automatically updating ALL records in the Dynamics SL System and Applications databases you select.

### Integrate powerfully

Whether using a single company or Multiple companies, Change Company ID can handle changing your company ID issues.
