

BENEFITS

Manage Deposit Entry effectively

Allows you to enter Deposits and have a Deposit Slip printed updating all modules on release in Dynamics SL.

Put your information to work

The Deposit Slip Entry & Printing utility makes it easy to enter Deposits for AR, Cash Manager or GL and then print Deposit Slips, using the MICR font, on plain paper. All effected modules are updated when the batch is released.

Maintain security

Deposit Slip Entry & Printing uses Dynamics SL's standard security features, so access can be limited to specified users.

Integrate powerfully

Empower your business by combining Deposit Slip Entry & Printing with Credit Card Deposit Tracking, which allows entry of credit card receipts and tracks fees associated with them.
