

BENEFITS

Manage Budgets more effectively

Quickly and accurately upload Forecaster budgets into a Dynamics SL Budget Ledger.

Increase Reporting Time

By uploading the budgets into Dynamics SL you no longer have to link to the forecaster database for financial reporting. Most users see dramatic performance increases in the generation of their FRX reports.

Integrate powerfully

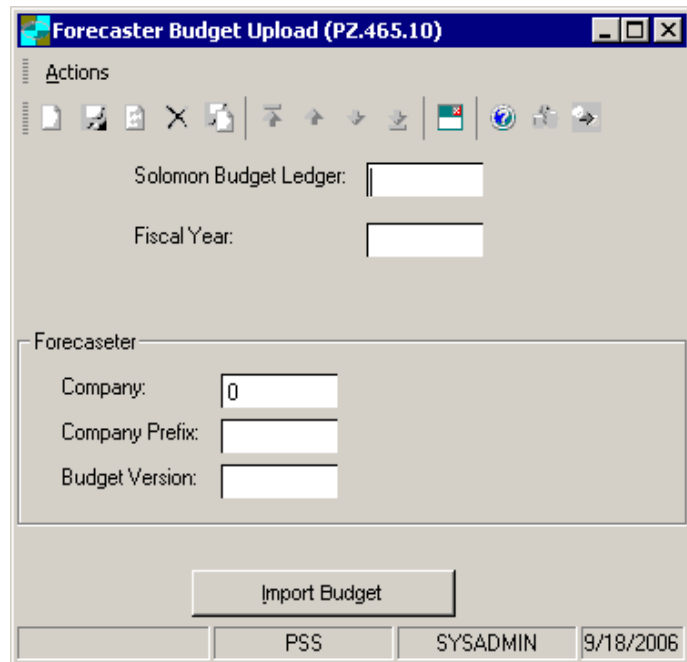

Empower your business by combining PSS Forecaster Budget Upload with other Microsoft Dynamics modules, ensuring accuracy while reducing redundant data entry.

Forecaster Budget Upload

Improve financial reporting performance time in your FRX system

Forecaster Budget Upload

Forecaster Budget Upload allows you to easily take data from FRX Forecaster and upload it to a budget ledger in Dynamics SL.

The screenshot shows a Windows application window titled "Forecaster Budget Upload (PZ.465.10)". The window has a menu bar with "Actions" and a toolbar with various icons. Below the toolbar, there are two input fields: "Solomon Budget Ledger:" and "Fiscal Year:". Below these is a section titled "Forecaster" containing three input fields: "Company:" (with the value "0"), "Company Prefix:", and "Budget Version:". At the bottom of the form is a button labeled "Import Budget". The status bar at the bottom of the window displays "PSS", "SYSADMIN", and "9/18/2006".

You can use this utility to upload budget data as many times and for as many budgets as you wish.
