

Register now for our Microsoft Office 2010 Sneak Peek event

Thursday, May 20th, 2010

9am - 12pm [Register Now](#)

1pm - 4pm [Register Now](#)

What's holding your team back from even greater success? People in multiple locations? Inaccessible information? Come and see how the Microsoft® Office 2010 Beta can help you break through the barriers that are slowing your people and data down. Join [New Horizons](#) at an exciting preview event.

Office 2010 lets you and your team stay productive, and helps you securely access files from just about any computer, Smartphone, or browser. So you can meet customer needs, whenever and wherever they happen.

Office 2010 connects your people and information wherever they are, enabling individuals to work better on their own or as part of a team. You can respond with the right information to the right people, no matter what the situation.

▶ **Join us at the New Horizons Office 2010 Sneak Peek event** for a hands-on demonstration of all the ways Office 2010 breaks down barriers in your organization.

Space at this event is limited, so register today. We look forward to seeing you.

Sincerely,
