

BENEFITS

Manage data more effectively

Allows importing of Property Boss information directly into Dynamics SL. No need for special interfaces and complicated data conversion to get your information into Dynamics SL.

Save time and money

Import data quickly and easily by not having to manually create any cumbersome entries. Property Boss Connector does it all for you.

Maintain security

Property Boss Connector uses Dynamics SL's standard security features, so access can be limited to specified users.

Find the information you need

Access the data you need with an intuitive graphical user interface exactly like the standard Dynamics SL interface.

Integrate powerfully

Empower your business by combining PSS Property Boss with Property Boss Connector, ensuring accuracy while reducing redundant data entry.
