

# SERVICE MODULE

## an enhancement product for Solomon IV

Works with the Fixed Assets Module to Schedule and track Maintenance Service on Fixed Assets.

### Benefits

Allows you to setup Maintenance Service Schedules for your Fixed Assets and track Service History on your Fixed Assets. Reports are available to monitor the Service on Fixed Assets.

### Multi-Company

Whether using a single company or multiple companies, Service Module can keep you up to date on the Service for your assets.

### Service History Tracking

With Service Module you will always know the status of Service for your Assets. Full asset Service History is maintained and viewable onscreen.

***Don't forget to upgrade your hardware needs.....we now offer Dell, HP and Lexmark products!***
